

3 Hen Farm Herd Share Agreement

Herd Shareholder: _____

**3 Hen Farm provides fresh raw goat milk under
2017 ORS 621.012¹ Exception for small-scale on-farm sales.**

*The milk is filtered and immediately chilled.

*Milk is not processed or pasteurized in any way.

Milk is consumed at shareholders own risk.

The purchase of a herd share is agreeing that all of the health benefits or concerns are accepted by the herd shareholder. Herd shareholder _____ agrees they will not hold 3 Hen Farm, Rebecca Ward or others associated with milk production responsible for any illness associated with raw milk consumption.

Goats are fed a diet free from grain. The goats in our herd are fed: browse on our untreated land, organic alfalfa pellets, and a blend of carrots, black oil sunflower seeds, pumpkin seeds, coconut and herbs to support overall health. They also have access to orchard grass hay and alfalfa hay.

Shareholder fees for milk are to be paid in full at time of pick-up.

Milk should be kept below 40°F at all times.

Milk is a perishable product. Please give a 24 hour notice if unable to make a regularly scheduled pick-up. (voice or text 206-852-7404)

3 Hen Farm will practice strict levels of cleanliness and protocol including milking system and jar sanitation.

Consumption of raw milk is at the herd shareholders' own risk.

1/2 gallon \$10.00 (Glass jar \$5 jar deposit per jar, or new plastic jugs)

1 gallon \$19.00 (Glass jars \$5 jar deposit per jar, or new plastic jugs)

Herd share buy-in and on farm pick-up required to be in compliance with ORS 621.012. There may be a period before kidding through weaning where milk will not be available to shareholders.

Typically Jan-April. Notification to shareholders will be made.
